EDUCATION

REDEEMER'S UNIVERSITY **2013 - 2017**
BSc. COMPUTER SCIENCE (FIRST CLASS - HONORS)
UDACITY **2018 (JUL - DEC)**
MOBILE WEB SPECIALIST NANODEGREE

EXPERIENCE

FRONT-END DEVELOPER | INLAKS | FEB 2018 – PRESENT

- Designed and implemented one of the core products (Monidey.ng)
- Responsible for the mentoring of our new hires – Interns and NYSC corpers.
- Integration of internal applications with server side logic using Restful API's with frameworks such as React Native and Angular.

IT SUPPORT INTERN | SABRE TRAVEL NETWORK | JAN - JULY 2016

- I provided first-level support on all IT related issues and escalated more technical problems to appropriate support teams.
- Responsible for Sabre Red workspace Installations on client machines during the mass upgrade from the SSL to TLS protocol.
- I wrote PF key scripts for the automation of processes on the Sabre Red Workspace. This made ticket purchase confirmations 4X faster for travel agents.
- Designed and developed a web application for inventory management using an in-house php framework.

TECHNOLOGIES

I have experience with older languages like Java, php and C but I try to keep my tech stack fairly modern,
HTML5, CSS3, SCSS, Gulp, Grunt, **JavaScript (ES6)**, jQuery, ReactJS, React Native, Angular, NodeJS(Express), Jest, MeteorJS, MongoDB, NOW, GIT, Firebase, Apollo GraphQL.

PROJECTS

(Not conclusive list of previously done projects)
